THIS IS UNEVALUATED INFORMATION

25X1

1. The Nitra Airfield 4818N-1806E was located approximately one kilometer southeast of Nitra 4819N-1805E, 300 m. northeast of the Nitra River, Encl. A, Pt. 37, and two kilometers south of the highway, Encl. A, Pt. 17.
2. The airfield was square, approximately 700 m. (north-south) and 700 m. (east-west). It could not be extended because of the marshes surrounding the airfield. The airfield was grass surfaced, level, with natural drainage and was approximately 200 m. above sea level.
3. Obstructions included a hill approximately 200 m. high, five kilometers north of the airfield, and chimneys 30-40 m. high,  $1\frac{1}{2}$  km. west of the airfield.
4. One stuccoed-brick hangar with a shed roof was located on the southwest portion of airfield in 1948.        light, Doslet aircraft parked in front of the hangar which was used for storing such aircraft.        no aircraft after 1948.        ruins of brick buildings on south portion of airfield.
